Dom Pérignon

Only made in the best years, vintage champagne is a pure expression of time and place - displayed in a most delicious and refreshing way. Requirements are vigilant, grapes have to be 100% from that year, and have to be aged for a minimum of three years on lees before bottling.

Champagne is a place that has a unique climate suited to sparkling wine production. With most of the region covered in vines and rising temperatures has pushed well established Champagne houses to find the next best place to grow the best grapes for bubbles.

Récoltant Manipulant – it's French for Grower Champagne!

Think Artisanal, the producers are only allowed to make wine from their own estates and not buy any in (which is quite rare for Champagne).

Their focus – reflecting the unique terroir from where the grapes are grown.
